EDUCATION

- **Belarusian State University of Informatics and Radioelectronics**

Sep 2024 – present

Faculty of Computer Systems and Networks, Computer Science and Software Technology

PET PROJECTS

- **Announcements REST API**

- Built with Go and Gin web framework; exposes full CRUD endpoints for announcements.
- Clients can copy an announcement into a separate selected list and retrieve it independently.
- Uses SQLite via database/sql and go-sqlite3; config loaded from YAML via cleanenv.

- **WinForce – Mini-Football Team Website**

- Official web presence of the WinForce mini-football team from Minsk; info about the team, players, matches, and social media.
- Built with Vue.js 3 (Composition API) and Vue Router for navigation between sections.
- Modern CSS3: Flexbox, CSS Grid, gradients, glass effects, smooth animations, and full responsive design with media queries.
- Planned: integration with the SLMF API for automatic match results, news system, and a photo/video gallery.

- **SNLynx – Full-Featured Web Messenger**

- Real-time chat application with split backend/frontend, user authentication, and WebSocket messaging.
- Personally developed the chat module: direct (one-on-one) messaging built on Clean Architecture (models, repositories, services, handlers, WebSocket hub).
- Backend in Go with Gin (REST API) and Gorilla WebSocket (hub, clients, message broadcasting).
- PostgreSQL for persistent storage of chats, participants, and messages; accessed via pgx/v5. UUIDs via google/uuid.
- Frontend on Vue 3 + Vite; full chat UI with WebSocket integration and real-time updates planned.
- Upcoming: group chats with roles (admin/member), file sharing (images, documents).

HARD SKILLS

Languages: C++, Go, C#, HTML, CSS, JS

Developer Tools: git, bash, Docker (some experience with make, CMake, clang)

Libraries and Frameworks: Gin, Vue.js

Databases: Redis, PostgreSQL

Soft Skills: Critical Thinking, Research Skills, Adaptability, Emotional Intelligence, Creativity, Kindness, Teamwork

Math: Linear Algebra, Mathematical Analysis, Combinatorics, Graph Theory, Discrete Math

English: B1

OTHER ACTIVITY

- **ICPC 2026**, participant

2026
